_____ Main

tenance Fee \$35 (Payable to The Town of Braintree) ENCLOSED: Yes__No__

Statement of Understanding

I understand that I will submit a final rendering of our beautification improvement plan for the site I/We have been chosen to maintain for the year ahead. Each site plan will be approved for one maintenance season with first option for renewal given to those who have kept up with their commitment. It is understood that if improvements have not been made nor periodic maintenance has not occurred, this agreement may be cancelled. One suitable sign will be permitted at this site each year the program has been approved for our application. Replacement signs required due to theft or vandalism will be made by the Town at a reasonable period of time after notification. I/We agree to keep this approved site attractively maintained throughout the coming growing season from Memorial Day through the first frost in October. I/We agree to plant natural materials and keep grassy areas routinely maintained which includes mowing and weeding. I/We also agree that no excavation may occur without prior approval by the Town for this site and that any plant material that perishes over the season shall be replaced.
